Boden ist eine endliche Ressource

Täglicher Bodenverbrauch

Klimawandel

Boden als Wuchsstandort

Quelle: J. Grohmann

Boden als Wasserspeicher

A close-up photograph of several bright green leaves with a visible textured surface and numerous small water droplets. Overlaid on the image are four white curved arrows pointing upwards from the base of the leaves towards the top right corner. The background is a dark, out-of-focus green.

Wirkungsgefüge Boden-Wasser-Pflanze

Danke für ihre Aufmerksamkeit.
