EIT, a body of the European Union

# Climate-KIC started in 2010...

Climate-KIC is the EU's main climate innovation initiative

**Mission:** We bring together, inspire, and empower a dynamic community to build a zero carbon economy and climate resilient society

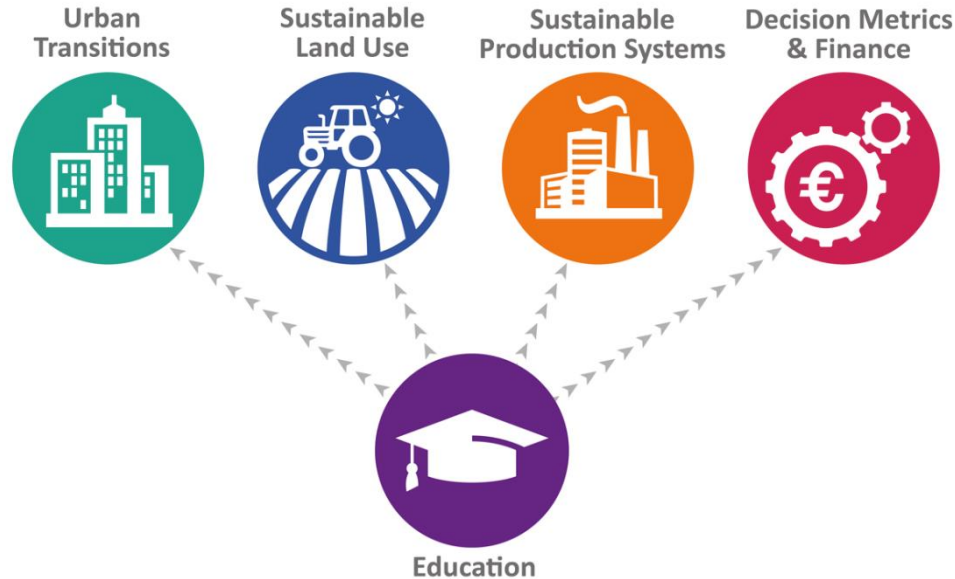

**Vision:** to enable Europe to lead the global transformation towards sustainability

We drive innovation in climate change through creative partnerships large and small, local and global, between the private, public and academic sectors

# What we do

We address climate change across four priority themes:
