

At the University of Graz, researchers and students work across a broad disciplinary spectrum to enlarge our knowledge, and find strategies to deal with challenges our society is confronted with and to shape tomorrow's world. The University of Graz is a place which combines high quality academic research and teaching, where achievement is rewarded, careers are promoted, and social diversity is encouraged – all within a modern, award-winning working environment. Our motto: We work for tomorrow. Join us!

The Wegener Center for Climate and Global Change is looking for a

## **Project Assistant without doctorate (m/f/d)**

30 hours a week

expected employment until 31.12.2022\*

position to be filled as of now

The Wegener Center for Climate and Global Change of the University of Graz took, in the frame of the Field of Excellence Climate Change Graz, a leading role in the development of the Graz Climate Change Indicators (GCCl) data portal. This portal importantly contributes to the visibility of its research and knowledge transfer and this position serves to further strengthen the GCCl development in this area.

### **Your duties**

- Self-responsible yet cooperative data preparation and system development work for building the second generation of the Graz Climate Change Indicators (GCCl) data portal (Project GCCl2 2022), as an integrated member of the GCCl Team
- Collaborative work on publications in professional journals with focus GCCl data science for raising international awareness

### **Your Profile**

- Completed master programme (MSc degree) in a suitable subject (preferably from the natural sciences–physics, meteorology) and a solid understanding of climate change and monitoring of causes and related climate & weather changes
- Experience with independent work on data analysis and data portal systems under senior-level guidance, including with highly diverse data sources and complex analysis systems
- Experience in the area of programming with scripting languages (Python, Shellscripting), data formats (NetCDF, CSV, JSON, GIS) and Web/App portal applications as well as experience with office tools (MS/Libre Office) and Linux operating systems
- Very good written and spoken English and German skills
- Self-initiative and reliability as well as organizational and team skills
- Very good communication skills and experience with teamwork in an interdisciplinary and internationally oriented environment
- Responsible way of working, resilience, and problem-solving ability

## Our Offer

### Classification

Salary scheme of the Universitäten-KV (University Collective Agreement): B1

### Minimum Salary

The minimum salary as stated in the collective agreement and according to the classification scheme is EUR 3.058,60 gross/month (for full-time employment). This minimum salary may be higher due to previous employment periods eligible for inclusion and other earnings and remunerations.

We offer you a job with a lot of responsibility and variety. You can expect an enjoyable work climate, flexible work hours and numerous possibilities for further education and personal development. Take advantage of the chance to enter into a challenging work environment full of team spirit and enthusiasm for your job.

**Application deadline: 25.05.2022. [Apply now!](#)**

The University of Graz strives to increase the proportion of women in particular in management and faculty positions and therefore encourages qualified women to apply.

Especially with regard to academic staff, we welcome applications from persons with disabilities who meet the requirements of the advertised position.
