

Here at the University of Graz, researchers and students are working on a wide range of solutions for the world of tomorrow. Our scientists develop strategies to respond to the current challenges of our society. The University of Graz is performance-oriented, promotes career paths and offers a multiple award-winning setting for social diversity in a modern working environment – true to the motto: We work for tomorrow. Come on board!

The Institute of Systems Sciences, Innovation and Sustainability Research is looking for a

Project Assistant without doctorate

(up to 30 hours a week; fixed-term employment for the period of 3 years; position to be filled as of now)

Your duties

- Carrying out independent and cooperative research work in the field of innovation and economic assessment regarding forest ecosystem services
- Assessing markets, key enabling conditions and main obstacles for commercialization of forest ecosystem services in Alpine forests and nature areas, with the aim of publishing relevant results
- Fostering knowledge transfer between various project partners and stakeholders from science, the public and the private sector
- Presenting and disseminating the results in various formats, among which the implementation of ecosystem service value chains in a so-called 'Living Lab'.
- Coordinating and managing the project collaboration in the AlpineSpace Interreg-Project ForestEcoValue from the perspective of University of Graz

Your profile

- Completed (or completed within the next three months) master degree in environmental sciences, forestry or any equivalent combination of environmental, economic and sustainability related diploma or master study
- Experience in international and/or interdisciplinary research (desirable)
- Experience in conception and realization of research projects (desirable)
- Publication record is beneficial
- Very good command of English
- Ability to work independently and in teams
- Personal and social competences to work in international and interdisciplinary teams
- Great motivation for scientific work and for finalizing the PhD degree in the doctoral studies of environmental system sciences

Our offer

Classification

Salary scheme of the Universitäten-KV (University Collective Agreement): B1

Minimum salary

The minimum salary as stated in the collective agreement and according to the classification scheme is € 3.058,60 gross/month (for 40hrs/full time). This minimum salary may be higher due to previous employment periods eligible for inclusion and other earnings and remunerations. We offer you a job with a lot of responsibility and variety. You can expect an enjoyable work climate, flexible work hours and numerous possibilities for further education and personal development. Take advantage of the chance to enter into a challenging work environment full of team spirit and enthusiasm for your job.

Application Deadline: **November 30th 2022**

The University of Graz strives to increase the proportion of women in particular in management and faculty positions and therefore encourages qualified women to apply. Especially with regard to academic staff, we welcome applications from persons with disabilities who meet the requirements of the advertised position.

If you are interested, please submit your application documents (motivation letter, CV) before the stated deadline to:
